Handmade custom boxes for Utility Vehicles.

Delivering excellence. Driving revenue.

Enhance the functionality and longevity of your Utility Vehicle with a unique, lightweight yet robust, hand-crafted cargo box.

Tailor-made rear boxes, fully customisable for any purpose, boasting the ability to be painted in any desired colour and optionally adorned with your own self-adhesive branding.

From housekeeping to land management, agriculture, transporting passengers and luggage, the possibilities are limitless.

Custom rear boxes can be designed to fit nearly any vehicle in our inventory, including golf cars, providing unmatched versatility.

When it comes to designing your boxes, we will discuss what you need, create your drawings and a visual and provide you with a stage-by-stage quotation to ensure that budgets and schedules are maintained throughout production up until final delivery.
